

## SWAMI VIVEKANANDA MAHAVIDYALAYA MOHANPUR, TRIPURA

### Performance of the institution in one area distinctiveness

The college being situated in rural area close to Indo-Bangla International Border attracts first generation learners. Most of the learners are from weak financial backgrounds which is probably the root cause of dropouts. In spite of this bottleneck high success rate is seen among the students in the final semester examination. In the last academic year hundred percent passing rate with two University Rank Holders were seen. In Bio Sciences Stream all the students secured more than 55%. In Arts Stream majority of the students secured more than 50 %.

An institution pursues distinctiveness as a way of focusing to empower all its students by inculcating discipline, imparting punctuality, enhancing learning potential, emphasizing on acquiring physical & mental strength, developing character and leadership so that they possess a broader outlook towards the society, have humanity and can do selfless and relentless service towards the society for their whole life. Our effort to be distinctive is in harmony with the vision of the college -to inculcate holistic development in the student. Our institution faces a major challenge of teaching first generation learners.

Needless to say they are our proudest successes when the lesson learnt at college in class and outside it teaches them to stand on their own feet financially, emotionally and spiritually. Principal and other faculty provide tremendous emotional support to students.

Days of National importance and days significant to the State of Tripura were celebrated with prayer, programs, talks and student activities. Sometimes teachers follow bilingual mode of instruction for the benefit of students. Student grievances if any are addressed promptly. The college conducts various activities to ensure student centric learning environment.

Field trips, inter-departmental activities and programs organised with collaborative support from other organizations provide exposure to our rural students. Our NCC and NSS groups are vibrant and dynamic fostering our mission of character building, ethics and leadership.

Students are encouraged to participate in co-curricular and extra-curricular activities on and off campus. Students are encouraged to take part in the State level Students Project Programme, organized by Department of Science and Technology, Government of Tripura every year.

Sensitivity to the environment and eco-consciousness is fostered on our campus in every activity that is pursued. The college is delighted to report that the learning outcome of students is

portrayed by many of our students qualifying/securing ranks at the Tripura University end semester examination.

The institute is committed to nurture students of extraordinary motivation and ability and prepare them for lifelong learning in an ever increasing, knowledge driven world. The College shall provide a platform to existing and past students for sharing their experiences for the growth and development of institution.

Dr Nirmal Bhadra  
Principal In-Charge
